“ Sorry to hear of your loss, Bernie was a great lady and I am very glad that I got to know her.

While my family lived in Kalamo just down the road from Bernie I remember taking walks in the cemetery with Bernie and she would kick my butt, because she was in better shape then I was at the time. This was after she had retired from Care-Free and I was still working there while we walked we would talk about what was happening at work and other things of the times. It was always a joy to share that time with her and I will miss her.
