“ My condolences to the whole family. I worked with John at MSU for many years until he retired. John was a positive person to be around. John always had a smile and a good story to share, which made work fun.

“ So sorry for you loss Sue. May "Big" John rest in peace and welcomed being home with Aunt Marion and Uncle Tony and brother David. I do remember John taking out the Ford tractor at the farm and we went for a little ride. Boy did we get in trouble. I was like 5 or 6 at the time. I never realized how close in age we actually were. He always seemed like he was older. It has been a year of many losses. I hope there is comfort to you and John's family. Cousin Dale

“ John was a great classmate. In his often quiet way, he was a leader. While he as an ace on the ball diamond, he also was quite the robed choir member - and probably one of Ursula Klein's greatest teases. We ran into John more than a few years ago at St. Peter's in Eaton Rapids and had a great time reminiscing. Recently I visited him and it was just good to be 18 again. My condolences to Rob and Robin.

“ John and I were neighbors and friends all through school. He was a good and loyal friend. He was Godfather to my second daughter, Karen. We lost touch for several years, and then I visited him and the years just melted away. It was a privilege to have known him. My condolences to the whole family.

“ John and I had some good times in High School and for several years after Graduating. We set a record in winning a City wide bowling tournament that stood for 9 years. This stands as a high point in our sometime good and not so good adventures. I was able to catch up with John in the past 2 years and talk of these adventures before his passing. Will miss you and our talks.

“ I love you, John Paul Heffron and the snowfort we built, the hikes we took, the bicycle adventures we had, and the Neil Diamond music we grooved to. (and Dave's Halloween candy we snuck.)
See you again when I get there. Sue
