“ Dear Aunt Katie,
We will miss you dearly. Our loss is heaven's gain! I'm certain there was a huge homecoming for you with Uncle Virgil, your boys, and brothers and sisters. I'll bet you are dancing today, just like you did when you first met Uncle Virgil!

“ She was such a delight. I had the pleasure of doing her nails for her granddaughter's wedding. She decided she would continue to come after the wedding and we would chat even long after the manicure was done.

She would always bring to me some of her crocheted hangers, that I still use today. We talked often of Virgil, and she shared many of her childhood memories. I will truly miss her beautiful wit and smile.

Keeping your family in my heart and prayers.

“ Katie was our friend for over 13 years, we meet her sitting at Quali Dairy drinking her coffee, and eating a sour dough donut. So there is where our friendship began. Every weekend we would be their visiting, having great talks.

She would invite us over too her house , and show the beautiful afghans she had made for all her grand children., Lots of work, and love was put into those afghans, they just were perfect. She showed us the ribbons that were won at the fair. Katie had pictures of every one that she had made. Really enjoyed seeing all those Through out the friendship we found that we knew family, and friends in common. Such as Marietta Ripley was her good friend. And so my husband added he also gathered out too the Archer farm for family/ and friend gatherings. He (Kevin) my husband also rode horses with some of the son's. This was when the boys were in Jr. high.

We would always enjoy a visit with Kaite, love going too see her, such a sweet smile, and had great talks about the past.

Always when we went to visit at hope's landings, she would make sure her book would be written in,, so she could go back and refresh her memory who had been there. When we would leave she would always give a hug, and small kiss on the cheek, and often asked if we had one of her crochet pot holder and or a crochet hanger . Kaite a wonderful sweet , never negative woman , which we called OUR best friend she

made our lives better having to have known her.

“ I met Katie for the first time not long after my husband and I were married 55 years ago. We were both born and raised in Battle Creek and her family and my husband's family knew each other. Come to find out, the house we bought out on Kalamo Hwy. was one that she and Virgil rented for a time. We were only a mile apart when they lived on Carlisle Hwy. Our kids went to school with Scot and Don and Carolyn was one of our babysitters. Katie came with Rita Skidmore and myself as a cook for 7th grade camp one year and it was then that I came to know her even better as she relayed stories of her kids and their growing up on the farm. Some years ago she became a part of our coffee group who met once a week at each others homes. Once when I hosted she noticed the potholders I was using and asked if I made them. I told her no but I really liked them and they were getting pretty thin. She reached down into her purse and pulled out 2 newly made potholders for me. I smile every time I think about that as if it were normal to carry around potholders. She often shared her crocheted hangars with our group and so I have quite a few of those handy hangars which I love. Her talent for crocheting was with her up to the end as she continued to make lap throws with the same precision she has always had. Two weeks ago our coffee group made lunch and took it to Hope Landing for a get together with the ladies out there. It was mostly for Katie so she would still feel involved. I have a picture of her on that day and I'm so delighted that it was taken. Katie had the most unassuming demeanor and was always fun and easy to talk with. I will miss her but I know she has been welcomed into heaven by Virgil and their sons. Virgil probably asked her what took her so long. Rest in peace dear friend, you deserve it.
