“ *Becky and I thought we had a special connection while growing up. She and I shared the same birthday and were born in the same hospital. We always thought that was pretty cool. :) As we parted our separate way, we kept in touch with each other through our parents. Becky will be missed by her family and many friends.*

“ *Just to let you know that you're in thoughts & prayers. I am a member of CAG, but never had the blessing of meeting Becky. I've always heard great things about her. What a blessing she must have been to all who knew her. May you always cherish these memories in the days to come and to continue to trust in the Lord for your strength. Sincerely in Christ- Mollie Calton*

“ John, Sara, Amber, Loma, Connie and Family: You will all be in my thoughts and prayers! Becky will be missed by all who knew her. She was such a special friend but knowing that she is up there sitting at the feet of Jesus makes it a little easier. She's up there with Jean now. It doesn't seem fair that she was taken so soon. Becky I miss and love you! Tracy Whitaker Proffitt

“ Becky has been a part of my life for so many years that I truly can not remember how the friendship started. I do remember this when I was going thru the hardest thing in my life Becky was there, she kept me company, made me laugh and let me cry on her shoulder. I will never forget that. She was always giving of herself and even when I sat with her as she was sick, she always wanted to know what my kids were doing. There will be a void in my life but I know she is up there having the time of her life and I will see her again! Love and miss you already!

“ *Becky was a true friend. I met Becky years ago at church. We used to hang out in the cafe and laugh. I only went on one River trip camping and tubing. It was the last one we all had gone. It was so much fun, and her and I floated together for hours pulling the huge cooler on an additional tube. That slowed us down, and that made for some competition but that made it fun, but being the last ones we became closer and as the other River friends noted, what happens there stays there. I thank God for her and the memories.*

“ *Becky was a great friend of my youth. I first met Becky when I started going to CAG church. She was a great friend, and I have lost track of how many times we got in trouble in church. My favorite was when we were caught playing cards in Sunday school class. She was always so fun loving and outgoing. Even though we lost touch as we got older I know that she will be sadly missed by her family and friends. My heart goes out to you all. The world may have lost a wonderful person, but God has gained a great soldier. Blessings to you all.*

“ I'm very sorry to hear of your loss. My family and myself will be praying for you all. I understand how hard it is to face a death in the family. We've lost our fair share over the past few years and all I can say is keep heavy in prayer. Don't let the enemy allow you to put blame on God. Just be there for one another. Take care and God bless.

“ I too was part of the river friendship. We had alot of fun going down that river. I will tell on myself, I had never gone tubing before and I was petrified. I didn't know how to swim, but Becky talked me into going anyway. I would have been ok to just stay back and have food ready when they came off the river, but Becky wouldn't hear of anyone staying behind. To make a long story short, my tube had a hole in it. I kept trying to tell everyone that my tube was leaking and they all thought I was nuts. Becky and the other girls kept telling me that I was just imagining that I could hear a hissing noise as we were floating. Well, I did make it all the way down the river and when we reached our destination, I had just enough air in my tube to hold up my upper body and head. We spent 6 hours floating on the river that day. We had such awesome times on those tubing trips, I thank God that he gave me the opportunity to spend that time with such a great group of ladies, and I have some wonderful memories.

“ *My sincere condolences to the family of Becky. We were classmates in school and I lost touch with her after graduation; as we all do. She was a very nice person; very caring and very considerate; with a great sense of humor and a quick smile. It is always very sad when one so wonderful has left us - but she also leaves behind a legacy in her children.... My thoughts are with all of the family Sincerely, Andrea DeBaun*

“ *I didn't know Becky very well until I was invited on a little trip with her and 4 other ladies. It was an impromptu tubing trip. It was a group of ladies that did not all know each other. I was the youngest and very honored to be invited. That was when we all became good friends. We camped, floated down the river all day, and vowed that whatever happened there, stayed there We got together many times after that and made the tubing trip a tradition. We went three years in a row. It was a great time and I will always treasure the memories of those times together with friends; especially Becky, who for all intents and purposes was the leader of the pack. I am blessed to have known her and honored that she considered me a friend despite our difference in age. Love you Becky. See you in Heaven.*

“ I'm very sorry to hear of your lost. I will always remember Becky with a smile. She always took the time to make me feel special when we would meet. It saddens me to know sure a caring person has had to leave her family behind in life's journey. She has traveled to a fairer place and now will not have to suffer the pain that this worldly body held for her. I hope that the knowledge of this would bring comfort to her family and friends. “ *John, Sarah, Amber, Loma and family, My heart goes out to all of you during this time. Becky was so very special and I have the very best memories of her over many years. The first time I met her was on T-Drive before we started Kindergarten when she, Mike and her Aunt Connie were riding bikes and stopped by to say Hi. Please remember we are all here for you always. Much love to you all. The Family of Crystal Mast*
