“ Betty was the oldest of us three girls. She was very loving and caring and although there were little squabbles here and there, there was love. You know that special love that only sisters could know and understand. Just know that you were/are very much loved and although you went home you will always have a special place in the heart of the ones you've touched.

“ Betty was my older sister. She was a kind hearted and loving person. I have so many wonderful memories of her. Playing with our dolls when we were young and board games and cards when we got older. She was smart and had a good sense of humor. I will miss her always. I love you Betty.

“ So very, very, very sorry that Betty left us at such a young age. I will miss her here at Sugar Mill. One sure way to bring a smile to her face was to ask her about Susie.

“ *Betty was a loving person she loved her family so very much- including myself (her step-brother) and my wife. We had dinner numerous times and she made us laugh. She loved spending time with my mom. Above all else she had a big heart.*
