“ Betty was an angel sent from God at a time my Uncle Charles Parsons so desperately needed a person to assist him to be able to stay at home, which he so much wanted to do. And who do you suppose walked into the Antioch Baptist Church but Betty Webb, our angel. She was such a blessing to Charles and all of his family here in Ky. From the very start, Betty and I just hit it off. We became so very close, we claimed to be sister's since we neither one had a sister. But really we were more than that, a sister can't be picked--a friend can--and that we did remain the very closest friends until the end. There are so many stories to tell, mostly hilarious, some sad painful times we cried together. The last 2 weeks were wonderful--memories forever. I pray for God's comfort during this time for all family and friends. Our angel has flown on, but I know will be waiting for us with a big smile and outstretched arms. Betty I love you and will be awaiting that glorious day.
