“ Margaret, I am so sorry to hear about Junior. I first met him, and you and David, when our mothers were in a women's club together when we were children, and went to "Club" with our mothers. Your dad was our meter reader. I also remember your mother taking a trip to England when I was a teenager, when travel abroad was less common. My mother asked her to choose a charm for my charm bracelet. She chose the most beautiful sterling silver carriage that opens to display the Queen. Mother said she reimbursed \$15 for that lovely piece, which was a lot that many years ago, but Mother absolutely loved her choice, as did I. I am thinking of you.
