“ Troy I am so sorry for you and your families loss. There are no words that I can even think of saying that could even come close to bringing some comfort to you in your time of grief but I offer you these.

We never lose the people we love, even to death. They continue to participate in every act, thought and decision we make. Their love leaves an indelible imprint in our memories. We find comfort in knowing that our lives have been enriched by having shared their love.

With deepest condolences

I will never forget that day. I remember going bowling and you beating my score and we both laughed so hard. I remember playing pool with you. I remember going to your soccer games. I remember being at Aunt Joni's and driving the gater through the woods and walking the trails. I'll miss playing pool with you, I will miss those beautiful blue eyes and more. I love you Gage*
