“ *My father, my first Love and protector he also had my best interest at heart. Time with dad was always special. He enjoyed mowing his lawn and that was about the only time you would see him outside. He recently saw a white deer in his yard and he enjoy his property and all of natures creatures. Even if it was a ground hog under his deck. His best friend was our daughter Kindra. There weekly shopping trips we're something thay both looked forward to. He never wanted to be burden. But there time together was very special. Over the last few months he would get in the car and have a little something for baby girl. His anticipation for her arrival brought him much happiness. My dad was a very caring, loving generous man. I wouldn't be the women I am today without you. I find peace in know you are in heaven with our Corey. You will forever be in my heart and mind and cherish all our memories. I Love you daddy,
Cammi*

“ Bubba, I will always remember the good times we shared, the laughter, your crazy sense of humor and love for all kids. Teasing and terrorizing them with the gorilla mask!! The fun we had in our old neighborhood growing up, your comment about living "Tom Sawyer" adventures, and you and Marlin certainly did! The time you handed me the keys to your brand new Toronado...that was brave I was only 17! But most of all how blessed we were to have loving parents and a great sense of safety and well being. How I wish that for our grandchildren. Life has taken us to mountaintops of happiness and the depths of grief and despair. Losing our boys was hard...but God has continued to bless us. I pray the Father continues to bless our family and make us stronger!! God is still on His throne and He is forever with us!! Love you..you will be missed!! Lil sis.aka "skunk" (always hated when u you called me that!! :)

“ I remember Herb as a very giving and sweet man, He always mhad a smile on his face and would give you the shirt off his back if he thought you needed it more than him! That is how I remember him! I am very grateful to have know him and appreciate the Big Black Horse named Sam that he had given to me, I believe around the year of 1988? He had enough faith in me that he didn't want money just for Sam to have a good home and he picked mine .. I will be truly grateful all the days of my life to have know Herbie Johnson! I sure appreciate the friends I have made in his wonderful children! I love you to moon and back Cammi! Bobbie your a special friend also Blessed that your Dad had such beautiful children! Love, Brenda

“ Of all my childhood memories the ones I remember most have Uncle Herb in them. Always a twinkle in his eye and always ready to play, he was so fun to be around. Rest in peace Uncle Herb and know that I would still run screeching if someone flipped their eyelids and chased me!
