“ Sue, Please once again accept my heartfelt sympathy. I know you are grieving deeply. While I cannot lessen your pain, please know that I share it. You have been constantly in my prayers since I was called in, to help you and your family at HGB. May God surround, support and comfort you as you endure the painful but necessary things that must be done in the next few days. Through it all, may you find strength, courage and hope through the peace of Christ, which passes all understanding. In sympathy, Rev. William E. Pearson HGB Chaplain
