

Linda Sue Harris

April 13, 1954 - May 3, 2016

Linda was our little ray of sunshine. She was very caring and loving to everyone she came into contact with. She had a wonderful sense of humor. Staff loved to joke around with her and she loved every minute. She loved to eat. She would be the first one to meet you at the counter clapping her hands and laughing while waiting for her food. Linda also liked to sing a variety of songs with the staff. Some of the songs she sang were "Daisy" and "You Are My Sunshine". She would also sing a few of the older country songs. Staff would often hear her singing while hanging out in her room.

Linda loved her stuffed animal babies. She would rock them and pat them on the bottom and even give them kisses. When she had enough of them, she would throw them across the room. Some of her favorite activities were flipping through magazines, and playing with wooden blocks. You knew when she was done playing with her blocks because you would be dodging them from the next room!

Some of Linda's favorite things to do outside the home was shopping with staff, and going to the zoo. She loved seeing all the animals. While walking around the zoo she would be laughing and clapping her hands, almost the whole time; we weren't sure if it was because she knew that she would be going out for ice cream afterward or because she was at the zoo.

During the year, and especially during the holidays, Linda always looked forward to visits from Judy. She always looked forward to seeing what Judy brought her for Christmas, whether it was a new baby or a comfy pair of new

pajamas.

Linda loved all the people who took care of her. She would often sneak a hug and a kiss on the cheek just to show how much she loved you. All of the staff at the Oxford home loved her and we are all very sad to see her go. We know that she is in a better place, looking down on us with nothing but love for all of us who loved her.

We love and miss you Miss Linda Binda!
