“ *Mike & myself went through the police academy together back in 1978. We were PT(Physical Training) partners. Because we were in the last row the instructors couldn't see or hear us very well. I still smile about the interesting conversations we had during the class. We would cross paths in the next 20 plus years in law enforcement & each time we would laugh about our good times in the academy. Rest In Peace my friend. My sympathy to his family.*

“ Sorry to hear of Mike's passing. I had the pleasure of working with him for our entire careers at the Sheriff's Department. We literally worked side by side for many of those years. He was fun to work with and became a true friend over the years. Always had a smile and was just a good man. I enjoyed his stories about bird hunting and his passion for good shotguns. My condolences to his family.
