“ Sherry & Sheila - I am stunned to hear of your mom's death. Nancy will forever be a special friend to me even though we have not seen each other for a few years. We had such a wonderful best-friend relationship and spent hours and hours just talking (this is before I began to work, which cut down on our time together). I am so sorry to you and your families!

“ Sheila & Sherry, I was so very sorry to hear of your sudden loss. I have fun memories of your mom. She always had a great, warming smile and seemed to love all of the kids when we were young. I remember pretty much everyone being welcome in her home. I'm sorry that I can't be with you at this time, but you are in my thoughts. Love you ladies. Suzy

“ Nancy Grace is my step sister but really my sister in my heart. We were suppose to grow old together but now it is not to be. My memories will always be special and there are lots of them, some difficult, some sad, some naughty but most always fun and happy. A story! It is almost Christmas and our cut tree has only brown needles and we could not use the lights for fear of fire. Nancy Grace and I convinced mom to let us take all the decorations off, go buy a new tree because Nancy could drive now, bring it home put it up and decorate. We were so happy she let us do it and we had a tree with lights that year.
