“ Hi, I met Becky her first day working at H.G.B. Hosp. She was loved by her patients and by her co-workers. She was a hard worker and always had a smile for everyone. She will be greatly missed by all. I hope my contribution will in some small way, help take care of Matthew. Her funeral service was a great tribute to her. Your family is in my prayers during this time of grief and loss. I'm honored to be called one of Beckys' friends. Love to all, Mary Jo (co-worker).

“ My thoughts and prayers are with your entire family through this difficult time. No one can take away the happy memories that you share of Becky and may those sustain you at this difficult time. Becky and I worked together at HGB and every time I saw her she would have a smile on her face. We spent a lot of time talking and laughing in my office. She was a wonderful person and I'm so lucky I had the opportunity to be a part of her life. I will miss her dearly.

“ I have worked with Becky for the past 17yrs at HGB hospital. She was one of the best nurses I ever met, hard working, never complained and always busy. Becky always had a smile on her face and a little laugh. She possessed unbelievable courage and strength through all her trials. I will miss Becky, but her spirit will be with me always.

“ My thoughts and prayers go out to all of Becky's family. Her shoes will be hard to fill. She was a very caring Mother to her son and only wanted the best for him. I hope his family will continue to be a part of his life. I work at the home where he lives. So many times they are put in the home and forgotten. Becky was one of the few who stayed so close and so active in her son's life. He is going to miss her so much. I feel confident that his family will continue with Becky's wishes and be a part of his life. He loves his family so much. She was truly an 'earth angel'. I feel blessed for knowing her.

“ She will be missed by everyone that was touched by her in life, Becky always had a smile and was so get up and go even though she had dealt with a lot in her life. Jesus took her home and took away her pain. May God hold her Family in his hands.

“ I worked with Becky, when we used to work 7 days on and 7 days off. I would receive report at night so she could go home. We use to call ourselves Becky 1 and Becky 2. Becky loved being a nurse and was great at her job. She will be missed here at "the Beach". It is good to know that her suffering has stopped. I am sorry for your loss. Becky A.

“ My warmest thoughts and prayers go out to Becky's family. She was a fighter, friend, and a fabulous woman. I got to know Becky from working at Hayes Green Beach and we both vented about our diseases as we went through treatment. I will remember her warm smile and easy laugh, and the world will be a little less bright without her. Mary Fiala RN

“ “This is Becky, how can I help you?” This is the way she answered her phone at work and how she seemed to live her life in general. When I think of Becky, I remember her kindness and willingness to help any way she could. I regret that I only got to visit Becky once in the last week of her life yet I am so glad I had the opportunity to see her that once. She held my hand and smiled while tears threatened to spill from my eyes. She had no self-pity, just joy to spend a few minutes with her “favorite medic”. Becky lived her life as best she could with courage and fortitude and the grace she displayed is humbling. She will be missed.

“ No one knew Becky like I did. It is very difficult for me not to show up (for this family moment) or even write this and it saddens me for the loss of an angel here on earth. But God has a way of putting us in places without explanations. I am so sorry Matthew and Becky's family for your loss because I saw the look in her eyes when she mentioned your love for each other. Thank you John (Baily) for your efforts.
