“ *Sharon and I graduated high school together. We meet in 10 th grade and became fast friends. When McDonalds open up on Northeast St we would pile into a car and go for lunch and she always wanted extra pickles. We went to prom and to the beach after and had not had any sleep and got so silly we were in tears. She was such a great friend she would go out of her way to help when needed. I will miss her so much.  
My thoughts and prayers are with the family at this time. I will not be able to attend the service as I am in Florida.

“ Where do I even start? Nana is my best friends nana, but From day one nana was my nana too, she did everything and anything that she could for Abby and I. She has always been the most amazing woman that I have known. I remember when I took my driving test and nana let me use her car to take the test, I remember a few days before that we went driving so I could get a feel for her car, and when we came home I laid down on the couch and I fell asleep, when I woke up I had a blanket covering me because she was looking out for me like Nanas do. I love nana with all my heart!❤️ I'm so grateful to have had the amazing opportunity to have her in my life!
