“ You were always there no matter what we needed. You loved us unconditionally and I never really knew how much until you broke down and started crying when I told you that I loved you. I meant so much to me. Living without you is going to be so hard. I miss you everyday. I remember all the great times I had when I came up there...playing in your office or taking stuff apart in the pole barn and trying to put it back together. Listening to you getting so mad because working on the truck wasn't going over so well. Or when I was little and we all used to meet up at Mcdonalds in the morning for breakfast or for lunch even. You mean the world to me grandpa, life is not going to be the same without you. I'm sorry that I wasn't always there like I should have been but I know you know I love you so much. You are the greatest man I know. I am so proud to call you my grandfather. You are my hero. Love you always Tasha Marie

“ Dad i remember all the fun times we had in the pole barn late at night. We would always talk about how these trucks just are not worth it. But we always did what we needed too, just to keep them going. Even now that you are with mom now, i will always remember the times we had together in the barn. Love ya dad i miss you already.

“ Walk with me daddy Walk alongside me, daddy and hold my little hand. I have so many things to learn that I don't yet understand. Teach me things to keep me safe from dangers every day. Show me how to do my best at home, at school, at play. Every child needs a gentle hand to guide them as they grow. So walk alongside me, daddy - We have a long way to go.
