“ *Julie, Brian & family -*

My family attended the tribute en route to the burial of ashes next to his grandfather this morning in downtown Charlotte. My son is a soldier, having experienced two tours - Iraq and Afghanistan. We were lucky...he came home. He did experience an IED event, but with only a concussion. I never took a deep breath until he was back. Julie, I knew you and your family from Charlotte and St. Mary School and Church. Our deepest sympathies to you all. I hope that you received some comfort from your loss by the support shown by your hometown. You, your family, and your son, Wyatt, will always be in my prayers.

*Respectfully,
Kim Peters Boucher*
