“ *Deepest condolences to the entire family. Some of the best memories I have growing up were made out on Stine while spending the night with Britney. Yvonne had a huge heart and even let me call her Grandma. I remember going to bed before Britney a few times because Yvonne liked Britney to tickle/rub her arms until she fell asleep, I always thought that was so sweet, so grateful for those memories and I'll pass her corn fritter recipe down to my own family. Thank you, Yvonne for making a true difference with your time here on earth. You will be greatly missed.*

“ Oh, Where can I start,
In my memories of Yvonne.
She loved doing little things,
And her love went far beyond.

I remember all the parties,
And the wonderful food she'd made.
I tried some of her recipes,
Just not the same I'm afraid.

Her love and joy of people and family,
Just radiated from her all around.
You just loved being around her,
You never left her with a frown.

When I first met Yvonne,
Her kids, there had to be more than 4.
All ages would come in and out,
I told her she needed a revolving door.

I lost my mom few years back,
Yvonne reminded me of her.
Everybody loved her and vice versa,
Just ask around, bet they would concur.

Yvonne left so many wonderful memories,
That will live inside each of you.
Think of those memories and smile,
Cause that is what she'd want you to do.

La

You left us too soon Yvonne,
This covid you tried to fight.
But it won this ugly battle,
So, Rest now, your an angel in flight.

We love you Yvonne

“ My Dearest Yvonne, You helped make me the woman I am today, and the woman i strive to be... You were kind, loyal, trustworthy, selfless, encouraging, loving woman who treated everyone with respect and unconditional love. You were the light in my darkest hours and always had time to listen and give amazing advice. You loved me and I loved you with every fiber of my being, and you treated our children like they were your own. You were the glue that held our large family together. You were an amazing cook and loved to fill everyone's bellies, your parties for all the hollidays were a time to look forward to for many, and you could play cards like a shark 😏!!! I am so sad that I will never see your smiling face again or hear your words of wisdom, or feel your warm embrace. Let your light shine on me and the many, many people who are aching without your presence. And know that you were loved so very much by us. God please give me, and the family the strength to get through the next part, and give us the reassurance that she is in your embrace now. Please fill us with peace and serenity as we pick up the pieces of our hearts up off the floor and send us your love and guidance. With all the love in my heart and then some.

“ Yvonne was a truly great spirit, full of energy, and love for her family and friends. She may have not known it at the time, but she taught me how to enjoy life and brightened moments that I will cherish forever. From making me feel like I was part of the family by being there for birthdays, trips to the casino, concerts, karaoke nights, going to Las Vegas (cheering when we landed), horse back riding, party's at her home, and my wedding reception. She was there and teaching me how to enjoy life -making me laugh talking about Dwight Yoakam and always saying "come on Stacy let's go". Meaning it's time to have fun!
Thank you for every moment, Heaven will be lucky to have you. I will miss you!

When you entered Denny & Yvonne's home, you felt welcomed and happy immediately! Our card nights were full of fun, food, laughter, and wonderful memories. We will miss them so much, along with Yvonne's great laugh. We all loved her as more than a friend but as a family member and we will miss her the same way. Love to all of the family!

When I met you over 25 years ago, a lot of people called you "sis", I thought, "Wow" you had a very large family. That's why you were loved by so many. The four of us had so many great times on our car trips and Louie saying he knew a short cut. Your home was always filled with love and everyone was welcome. I will miss our late night phone calls. Louie and I will miss you very much and love to Denny and your family . Louie and Emma Trowbridge

“ *I will never forget all the time we spend in your kitchen cooking for a party. Our Christmas shopping trips which we had to do lunch of course. The hours we spent talking on the phone trying to figure out the world. which if they would just listen to us things would be better. I love my friend (sister) and will miss you dearly.*
